Each reading should be evaluated by an adult listener who will provide feedback on this sheet. **Appearance & Poise:** *This category includes the participant's dress, posture, and compose while reading. Please be understanding of physical challenges.*

**Delivery:** *This category includes voice volume and tone, enunciation and articulation, emotion and/or passion, gestures and eye contact. Please be understanding of physical challenges.*

**Content:** *This category includes the introduction given to the passage, the coherency of the verses chosen (in other words, does the reading flow logically and have a clear beginning and ending), and the conviction used to communicate the reading.*

**Intangibles:** *This category is entirely subjective. As the French say, "je ne sais quoi" (a pleasant quality that is hard to describe).*
